The Meeting of the Parties,

Recalling the provisions of articles 6, 7 and 8 of the Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters (Aarhus Convention), and the provisions of article 6 bis of the amendment to the Convention on public participation in decisions on the deliberate release into the environment and placing on the market of genetically modified organisms,

Also recalling its decisions EMP.II/1 and V/2 on public participation in decision-making, V/5 on the strategic plan for 2015–2020 and VI/5 on the work programme for 2018–2021,

Recognizing the critical role of effective public participation for successful implementation of the Sustainable Development Goals,

Mindful that the 2014 cycle of national implementation reports, the findings of the Compliance Committee and the work carried out under the auspices of the Task Force on Public Participation in Decision-making to date have, collectively, shown that challenges remain to the full implementation of the second pillar of the Convention across the region,

Recognizing the vital role played by the Task Force on Public Participation in Decision-making in bringing together experts from governments, civil society and other stakeholders to exchange experiences regarding those challenges and to explore possible good practices to address them,

Welcoming the important contribution to furthering implementation of the second pillar played by organizations engaged in capacity-building at the national and subregional levels,

Also welcoming the work of Aarhus Centres in several countries, as platforms to facilitate public participation by providing environmental information, raising public awareness, promoting participatory debate on environmental policies, programmes and projects and providing assistance to members of the public in exercising their rights,

Underlining the need to further the implementation of the second pillar of the Convention (articles 6, 7, 8 and, prospectively, 6 bis) so as to provide for more effective public participation in decision-making in environmental matters,

Having reviewed the reports of the Task Force on Public Participation in Decision-making submitted to the Working Group of the Parties in the period since the fifth session of the Meeting of the Parties (ECE/MP.PP/WG.1/2015/4, ECE/MP.PP/WG.1/2016/4 and ECE/MP.PP/WG.1/2017/5),

3. *Welcomes* initiatives taken by Parties, signatories, international organizations, non-governmental organizations, research institutes and other stakeholders to study good practices, examine practical means of promoting more effective public participation in environmental decision-making and share their findings and experience, and encourages further activities to this end;

4. *Requests* the secretariat to make information on such activities as widely accessible as possible through the Aarhus Good Practice database and other online tools;
5. *Invites* Parties, signatories, international organizations, non-governmental organizations and other stakeholders to strengthen implementation of the public participation pillar of the Convention at the national level, and where possible to make resources available for this purpose;
6. *Invites* organizations engaged in capacity-building to further the implementation of the second pillar of the Convention and to focus on developing training programmes at the national level, as a priority, and also at the subregional level, for public officials involved in the day-to-day task of carrying out public participation procedures covered by articles 6, 7 and 8 of the Convention;
7. *Invites* researchers focusing on participatory processes and environmental decision-making to use the resources gathered under the auspices of the Task Force in their research, and also to share the results of their research with the Task Force;
8. *Encourages* Parties, signatories, other interested States, international organizations, non-governmental organizations, research institutes and other stakeholders to participate in the activities under the Convention on public participation in decision-making and to allocate sufficient resources for this matter;
9. *Decides* to extend in time the mandate of the Task Force on Public Participation in Decision-making, under the authority of the Working Group of the Parties to the Convention, to carry out further work, taking into consideration the relevant work being undertaken by Parties, signatories and other stakeholders;
10. *Welcomes* the offer of Italy to lead the Task Force on Public Participation in Decision-making;
11. *Requests* the Task Force, subject to the availability of resources and taking into account, inter alia, the national implementation reports, the findings of the Compliance Committee of a systemic nature, other relevant assessments and the experiences of the public, to continue working to strengthen the implementation of the public participation provisions of the Convention, with special attention to:

 - (b) Overseeing the collection and dissemination of good practices in public participation in decision-making through the Aarhus Good Practice online database;
 - (c) Exchanging good practices and identifying innovative practices that facilitate more effective public participation without entailing additional significant financial or human resources on the part of public authorities;

12. *Requests* the Working Group of the Parties to hold a thematic session on promoting effective public participation in decision-making during one of its meetings in the coming intersessional period, with a view to providing opportunities for Parties, signatories and stakeholders to exchange experiences on the subject matters that deserve particular attention.
